WINA Donated Instant Noodles To Typhoon-hit Philippines

In the latter part of December 2021, World Instant Noodles Association (WINA) donated 100,000 servings of Payless Instant Mami and Nissin Cup Noodles to the victims of Typhoon Rai (or Odette in the Philippines), which passed through the south-central Philippines in the middle of the month. This is a joint relief with Universal Robina Corporation (President: Irwin C. Lee), a WINA member company, through its subsidiary Nissin Universal Robina Corporation. The donated instant noodles were distributed to people in the affected areas through the respective local government units.

<About WINA>

World Instant Noodles Association (WINA) was founded in 1997, for the purpose to improve the quality of instant noodle products, to promote the consumption and the industry's development, and to contribute to the diet of people all over the world. WINA is a world-wide industry association comprising 142 companies/organizations from 23 different countries/regions. Because instant noodles play an important role as emergency relief in times of crisis, such as natural disasters, etc., WINA has been cooperating with its member companies around the world to provide emergency food aid. At the 6th World Instant Noodles Summit Osaka in 2008, the association established the "WINA Disaster Relief Fund" in order to provide further emergency food aid.
